Opening hours

Both nurseries have extended opening hours to help fit in with your schedule – 7am to 6.30pm, Monday to Friday all year round, except Bank Holidays.

We also offer a flexible solution to work with your requirements, so if you only need occasional childcare, talk to us and we will do our best to accommodate your needs.

Our locations

Our modern, purpose-built nurseries are based at:

Western Community Hospital
Open to everyone

Southampton General Hospital
Open to UHS employees only

A world of play and learning

Flexible childcare for everyone
Offering the highest standards of childcare, our nurseries have dedicated teams of experienced professionals who are committed to helping children from three months up to school age get the best possible start in life.

We provide bright, airy playrooms with direct access to large, secure outside spaces, ensuring children can make the most of all the wonderful facilities we offer.

Each nursery has dedicated craft and messy play areas so children can have total freedom to create. We have separate cosy sleeping areas for when the children need to rest.

There are also drop-off parking spaces outside each nursery to make the whole process easier for you.

Welcome to Taplins Childcare

W e serve tasty and balanced meals with costs included in the session fee. We provide breakfast and a cooked lunch as well as mid-morning and mid-afternoon snacks, plus a light tea later in the day.

We are able to cater for children who have special dietary requirements.

Facilities

We are devoted to the happiness and development of every child placed in our care. A key person is assigned to monitor each child’s progress, ensuring that they are settled and content, really taking the time to get to know them.

Ofsted staff to child ratios are strictly adhered to throughout our nurseries, to ensure that each child gets the individual care and attention that they need.

Caring people

Our nurseries are wonderful places for children to grow and thrive, providing a wide variety of activities that are challenging and fun, as well as meeting the requirements of the early years curriculum.
