

WINCHESTER DISCOVERY CENTRE

SURGEON

FRIDAY 8 NOVEMBER 2013, 7-8.30PM

TAKING YOU TO THE SCALPEL'S EDGE IN THE THEATRES OF A LEADING SURGICAL CENTRE, SURGEON TIM UNDERWOOD SHEDS LIGHT ON A LIFE IN SCRUBS; THE PRESSURE, THE SURGERY, THE CHALLENGES, THE DRIVE TO IMPROVE.

SURGERY AT THE WINCHESTER DISCOVERY CENTRE

An evening of conversation, real-life surgical footage and working demonstrations, Surgeon is Tim Underwood's personal story of a surgical career, the challenges he confronts every day and his efforts to help eradicate oesophageal cancer.

FEATURING

Anatomy of a surgeon's life

Open and keyhole surgery on screen

Human error in the operating theatre

Fighting the 'heartburn' cancer

Live demonstrations

TIM

An award-winning surgeon and Medical Research Council clinician scientist, Tim Underwood is an upper gastrointestinal specialist at Southampton, combining surgical practice with research to improve patients' outcomes and oesophageal cancer diagnosis, treatment and care. Tim is also a trustee of Heartburn Cancer Awareness & Support, and is running the 2013 New York Marathon with colleagues to raise £100,000 for Cancer Research UK.
