

**Standard Operating Procedure**

**Validation of CSCCN Favourite Agents in Aria**

**(SOP:CH006)**

**1. Objective**

1.1 The purpose of this standard operating procedure (SOP) is to describe the procedure to be followed when validating favourite agents added to the master favourite list in Aria.

**2. Scope**

2.1 This SOP refers to all agents to be set up as favourites in the master list in Aria.

**3. Responsibility**

3.1 The CSCCN Electronic Prescribing Super User Group will be responsible for agreeing the inclusion of an agent to the master list of favourites.

3.3 The CSCCN electronic prescribing system manager, lead pharmacist and / or other suitably trained pharmacist / technician will be responsible for adding all favourite agents to the master list.

3.4 The CSCCN electronic prescribing system manager, lead pharmacist and / or other suitably trained pharmacist / technician will be responsible for validating all favourite agents added to the master list.

3.5 The validation of the favourite agent on the electronic prescribing system must be conducted by someone other than the person who added the favourite agent to the master list in the system.

3.5 The CSCCN lead pharmacist will be responsible for ensuring all documentation in relation to the validation process is maintained (appendix 2).

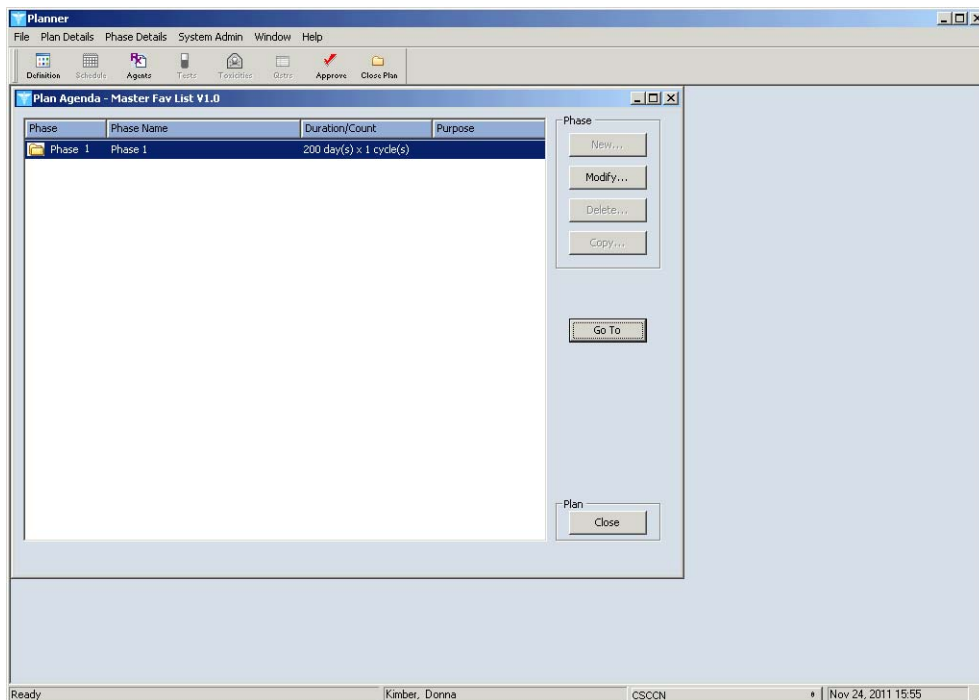

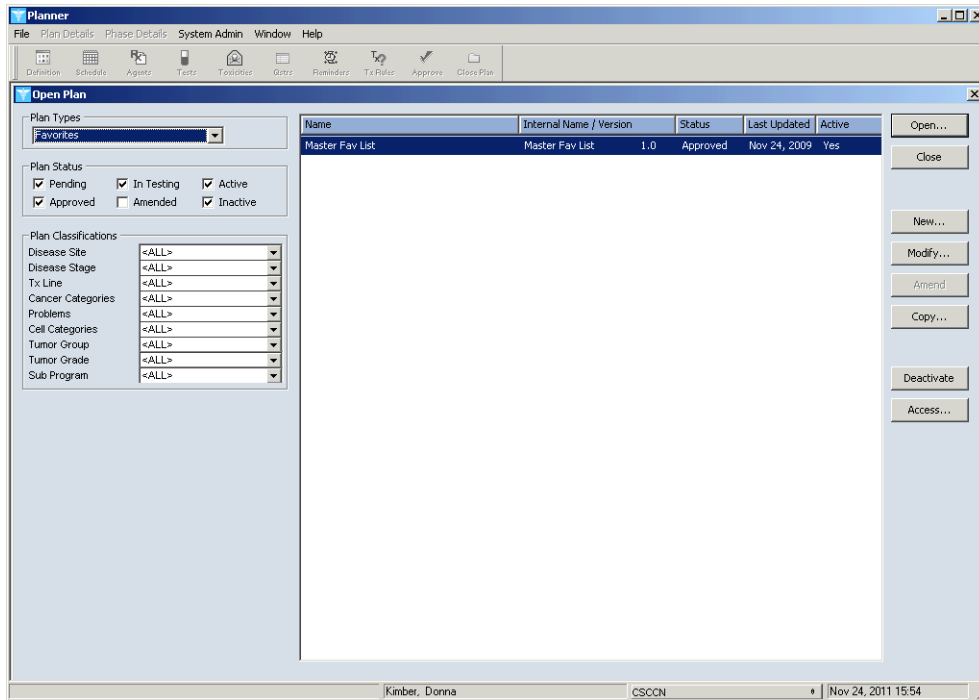

**4. Method**

4.1 Ensure the validation document (appendix 1) is completed during the validation process.

4.2 Log in to Planner. Use the live CSCCN system for all testing.
