

Kidney Stones:

General

Urology stone services at University Hospital Southampton

1. Ali A, Cook P, Griffin S, Bryant T, Wilson Ian, Ishii H, **Somani B K**.
Steps taken to improve urology stone services: Lessons learnt from our university teaching hospital.
International Forum on Quality and Safety in Health Care, 2014.
2. Chan M, **Somani B K**.
Necessity and compliance with venous thromboembolism (VTE) prophylaxis for patients admitted with renal colic's: The Southampton model.
Journal of Endourology 2014, P28:MP11-20.
3. **Somani B K**, Wells H, Archer M, Wilson I, Bryant T.
First experience of Ultramini PCNL (UMP) in UK: Results from University hospital Southampton (UHS).
South Central Annual Urology meeting, 2015.
4. Ishii H, Way C, **Somani B K**.
Can Day-case ureteroscopy (URS) rates for renal or ureteric stones increase with the use of a pre-operative/anesthetic protocol and following WHO (World Health Organization) checklist? Results from a University teaching hospital.
Journal of Endourology 2014, P49: MP20-21.
5. Chan M, Cook P, Archer M, **Somani B K**.
Assessment of basic stone screening for patients presenting with acute renal colic and renal stones: How we improved standards
Challenges in Endourology meeting 2014, Paris.
6. **Somani B K**, Ishii H, Ali A, Wilson I, Bryant T, Griffin S, Cook P.
Streamlining urology stone services in the modern era: A dream or a reality.
European Urology Supplement 2013; 12(3): E153.

Quality of Life

1. New F, **Somani B K**.
A complete world literature review of Quality of life in patients with kidney stone disease.
Current Urology Reports (In Press), 2016.
2. New F, **Somani B K**.
Quality of life in patients with kidney stone disease (KSD): Results of a systematic review.
World Congress of Endourology Meeting, 2016.

Medical Expulsive therapy

1. Amer T, Marriappan M, Gupta A, Johnston A, Keeley F, **Somani B**, Jones G, Aboumarzouk O.
Medical Expulsive Therapy: The evidence is clear.
World Congress of Endourology Meeting, 2016.
2. **Somani B K**, Aboumarzouk O, Traxer O, Baard J, Kamphuis G, de la Rosette J.
Medical Expulsive Therapy for ureteral stones: where do we go from here?
Nature reviews in Urology, 2016 Aug 2. doi: 10.1038/nrurol.2016.146. [Epub ahead of print] Review.
3. Amer T, Mariappan M, Gupta A, **Somani B**, Keeley F, Johnston A, Aboumarzouk O.
Medical Expulsive Therapy, Evidence from Randomised trials Meta-analysis.
The Journal of Urology, 2016 Vol. 195, Issue 4, e718.

Metabolic Syndrome (Obesity, High blood pressure, Diabetes)

1. Wong Y, Cook P, Roderick P, **Somani B K**.
Metabolic syndrome and kidney stone disease: A systematic review of literature.
Journal of Endourology 2016 Mar;30(3):246-53.
2. Wong Y V, Cook P, **Somani B K**.
The association of Metabolic Syndrome and Urolithiasis.
International Journal of Endocrinology ;2015:570674.
3. Ishii H, Cook P, **Somani B K**.
Safety and efficacy of ureteroscopy for stone disease in obese patients: Results from a University teaching hospital
Journal of Endourology 2014, P69: MP28-27.
4. Ishii H, Couzins M, Aboumarzouk O, Biyani C S, **Somani B K**.
Outcomes of systematic literature review of Ureteroscopy for stone disease in the Obese and Morbidly Obese Population.
J Endourol. 2016 Feb;30(2):135-45.
5. Ishii H, Cook P, **Somani B K**.
Ureteroscopy for stone disease in obese patients: No, Yes or Always?
Urology 2014; 84: 4(S1) S353, UP.612.
6. Wong Y, Cook P, Roderick P, **Somani B K**.
Prevalence of urolithiasis rises with increasing number of metabolic syndrome traits: Results of a systematic review.
Journal of Endourology 2015; 29(1): MP6-14.

Urinary infection and stones

1. Moore S, Cook P, **Somani B**.
What is the optimal management and follow-up of struvite stone patients?
Outcomes from our University teaching hospital.
World Congress of Endourology Meeting, 2016.
2. Moore S L, Cook P, **Somani B K**.
Association between deprivation index and infection stones: 7-year results from a
University teaching hospital.
World Congress of Endourology Meeting, 2016.
3. Shah S, **Somani B K**, Cook P.
Patients with struvite stones need to be extensively investigated: Experience from a
metabolic stone clinic
Urology 2014; 84: 4(S1) S246, UP.246.
4. Teoh P, Basarab A, Pickering R, Ali A, Hayes M, **Somani B K**.
Changing trends in antibiotic resistance for urinary *E. coli* infections over five years in a
University Hospital.
Journal of Clinical Urology, 2014 7(2):116-120.
5. Ishii H, Cook P, **Somani B K**.
What predicts post-operative uro-sepsis in patients undergoing ureteroscopy
lasertripsy (URSL) for stones: Evidence from a prospective study
European Urology Supplement 2013; 12(3): E178.
6. Geraghty R, Ishii H, **Somani B K**.
Outcomes of ureteroscopy and stone treatment for patients with
urosepsis/obstruction is independent of the mode of pre-operative drainage.
Journal of Endourology 2015; 29(1): MP42-13.
7. **Somani B K**, Nabi G, Hussey J, Thorpe P, Cohen N P, N'Dow J, McClinton S.
Pyonephrotic Obstructed Kidneys (POK) due to stone disease: Defining prognostic
factors'.
Journal of Endourology 2005; 19(Supl 1:A128): MP26-04.

Investigations and Radiation dose

1. Rob S, Bryant T, Wilson I, **Somani B K**.
Ultra low dose, low dose and standard dose CTKUB: Is there a difference? Results
from a systematic review of literature.
World Congress of Endourology Meeting, 2016.
2. Lord C, **Somani B K**, Wilson I, Bryant T.
Radiation dose for on-table fluoroscopy during PCNL is significantly reduced in
modern interventional radiology (IR) suite.
Challenges of Endourology meeting, Paris (2015).

3. Wells H, Muller D, **Somani B**.
Non-contrast CT scan (CTKUB) for acute renal colic: Comparative regional outcomes between primary and secondary care over similar time period.
World Congress of Endourology Meeting, 2016.
4. Drake T, Jain N, Bryant T, Wilson I, **Somani B K**.
Should low-dose CTKUB (LDCT) be the new investigation of choice in suspected renal colic? A systematic review.
Indian Journal of Urology, 2014 Apr;30(2):137-143.
4. Anwar S, Bryant T, Wilson I, **Somani B K**.
Stone detection for renal colic: Comparative results between IVU and NCCT.
World Congress of Endourology, 2013.
5. Anwar S, **Somani B K**.
Missed diagnosis on intravenous urography (IVU): Our rationale of switching from IVU to non-contrast CT (NCCT) for suspected renal colic.
European Urology Supplement 2013; 12(3): E169.
6. Anwar S, **Somani B K**.
Comparison of stone detection between Intravenous Urogram (IVU) and Non-Contrast CT (NCCT) for suspected renal colic: Results from a University teaching hospital.
European Urology Supplement 2013; 12(3): E179.
7. **Somani B K**, Laing K, Graham J, Monteferrante E, Cohen N, McClinton S.
Additional findings of CTKUB done for renal colic: Are we opening a Pandora's box.
Journal of Endourology 2011, 25(S1): A-69.
8. Rai B, Ali A, Raslan M, Shariffudin A M, Cohen N; McClinton S, **Somani B K**.
Fate of indeterminate lesions detected on Non-Contrast Computed Tomography scan for suspected urolithiasis-A Retrospective Cohort Study.
Urology 2014 Dec;84(6):1272-4.
9. Fleming R, Rai B, Jain N, Cohen N, McClinton S, **Somani B K**.
CTKUB for renal colic: Additional findings in 900 patients.
Journal of Endourology 2012, UP-405.
10. Jain M, Bryant T, Dyer J, Lockyear R C, Hayes M, **Somani B K**.
Is Low dose CTKUB (LDCT) the new investigation of choice for suspected renal colic: A review of literature.
Journal of Endourology 2012, MP31-08.
11. Jain M, Bryant T, Dyer J, Lockyear R C, Hayes M, **Somani B K**.
Is IVU an obsolete investigation for acute flank pain suspicious of renal colic?
Journal of Endourology 2012, UP-403.

Kidney Stone Disease (KSD) Assessment

1. Phillips R, Hanchanale V, Myatt A, **Somani B**, Nabi G, Biyani C S.
Citrate salts for preventing and treating calcium containing kidney stones in adults.
Cochrane Database Syst Rev 2015 Oct 6;10:CD010057.
2. Moore S, Cook P, **Somani B**.
What is the optimal management and follow-up of struvite stone patients?
Outcomes from our University teaching hospital.
World Congress of Endourology Meeting, 2016.
3. Moore S L, Cook P, **Somani B K**.
Stone and fragments entire removed (SaFER): the necessary minimum standard for cystine stone formers? Outcomes from a University teaching hospital.
World Congress of Endourology Meeting, 2016
4. Saraogi M, **Somani B K**, Cook P.
Outcomes of serum parameters from dedicated Metabolic stone screening for high-risk patients: Experience from a University teaching hospital.
World Congress of Endourology Meeting, 2016
5. Moore S L, **Somani B K**, Cook P.
To what extent does early specialist medical intervention decrease recurrence rates in cystinurics? Results from a Specialist Stone Centre.
World Congress of Endourology Meeting, 2016
6. Moore S L, Cook P, **Somani B K**.
Association between deprivation index and infection stones: 7-year results from a University teaching hospital.
World Congress of Endourology Meeting, 2016
7. Cook P, Geraghty R, **Somani B K**.
Value of simple urinary pH should not be forgotten in metabolic stone screening for high-risk patients: Results from our 'Medical stone clinic'.
Journal of Endourology 2015; 29(1): MP6-13.
8. Cook P, Geraghty R, **Somani B K**.
Serum uric acid is useless as a marker for hyperuricosuria: Results from a University teaching hospital.
Journal of Endourology 2015; 29(1): MP2-17.
9. Shah S, **Somani B K**, Cook P.
Patients with struvite stones need to be extensively investigated: Experience from a metabolic stone clinic
Urology 2014; 84: 4(S1) S246, UP.246.
10. Chan M, Cook P, Archer M, **Somani B K**.
Assessment of basic stone screening for patients presenting with acute renal colic and renal stones: How we improved standards
Challenges in Endourology meeting 2014, Paris.

11. Chakravarti A, **Somani B K**, Potter R, Devarajan R
Audit of metabolic workup of patients presenting with Urinary Tract Stone Diseases.
Journal of Endourology 2004(Nov); 18(Supl 1:A18): BR3/25.
12. Chakravarti A, **Somani B K**, Potter R, Devarajan R
Ethnic Diversity of Stone Patients in an inner City hospital in the UK.
Journal of Endourology 2004(Nov); 18(Supl 1:A18): BR3/23.

Kidney stone disease and training

1. **Somani B K**.
Introduction of new technologies in Endourology – lessons learnt from CROES.
Journal of Endourology (In Press).
2. Rukin N J, Williams K, **Somani B**, Wright A E.
Intra-renal pressure and irrigation flow with commonly used ureteric access sheaths and instruments.
Central European J Urol. 2015;68(4):434-8.
3. Rukin N, **Somani B K**, Patterson J, Gray B, Finch W, McClinton S, Parys B, Young G, Syed H, Myatt A, Inglis J, Smith D.
Tips and tricks of ureteroscopy: Consensus statement Part I. Basic Ureteroscopy.
Central European Journal of Urology, 2015;68(4):439-46.
4. Rukin N, **Somani B K**, Patterson J, Gray B, Finch W, McClinton S, Parys B, Young G, Syed H, Myatt A, Inglis J, Smith D.
Tips and tricks of ureteroscopy: Consensus statement Part II. Advanced Ureteroscopy.
Central European Journal of Urology, 2016;69(1):98-104.
5. Wright A, Rukin N, **Somani B K**.
Ureteroscopy and stones: Current status and future expectations.
World Journal of Nephrology, 2014 Nov 6;3(4):243-8.
6. Villa L, **Somani B K**, Sener T E, Cloutier J, Buttice F, Marson F, Ploumidis A, Proieti S, Traxer O.
Comprehensive flexible ureteroscopy (FURS) simulator for training in Endourology: The K-box model.
Central European Journal of Urology 2016;69(1):118-20.
7. **Somani B K**, Aboumarzouk O, Srivastava A, Traxer O.
Tips and tricks of Flexible Ureterorenoscopy.
Urology Annals, 2013;5(1):1-6.
8. **Somani B K**, Robertson A, Kata S G.
Decreasing cost of Flexible ureterorenoscopic procedures: Cost volume relationship.
Urology, 2011 Sep;78(3):528-30.

9. Jones P, Rai B P, Qazi H, **Somani B K**, Nabi G.
Perception, career choice and self-efficacy of UK medical students and junior doctors in urology.
Can Urol Assoc J. 2015 Sep-Oct;9(9-10):E573-8.
10. Hanchanale VS, Rajpal S, Reeves F, Jain S, Garthwaite M, Cartledge J, **Somani B**, Gowda R, Koenig P, Rogawski K, Cornford P, Eardley I, Terry T, Myatt A, Biyani CS. First Urology Simulation Boot Camp: Education value and impact on improving trainees' confidence in common urological procedures.
European Urological Association, 2016.
11. Hanchanale VS, Rajpal S, Jain S, Garthwaite M, Cartledge J, **Somani B**, Eardley I, Gowda R, Koenig P, Rogawski K, Myatt A, Biyani CS.
First Urology Simulation Bootcamp in the United Kingdom-A Novel Experience.
Yorkshire urology audit group meeting, 2015.

Kidney stones (Others)

1. Zain A S, **Somani B K**, Chedgy E, Rukin N J.
Trends in Upper tract stone disease in England: Evidence from Hospital Episodes Statistics (HES) database.
Royal Society of Medicine (RSM), 2016.
Joint Winner 1st Prize
2. Moore S L, Bres-Niewada E, Cook P, Wells H, **Somani B K**.
Optimal management of Lower Pole Stones: The direction of future travel
Central European Journal of Urology (In Press), 2016.
