

Sudden death in childhood cardiomyopathy: results from a long-term national population-based study. [Bharucha T](#), [Lee KJ](#), [Daubeney PE](#), et al.

J Am Coll Cardiol. 2015 Jun 2;65(21):2302-10

Cor triatriatum or divided atriums: which approach provides the better understanding? Bharucha T, Spicer DE, Mohun TJ, Black D, Henry GW, Anderson RH. *Cardiol Young.* 2014 May 13:1-15

Right ventricular mechanical dyssynchrony and asymmetric contraction in hypoplastic heart syndrome are associated with tricuspid regurgitation. Bharucha T, Khan R, Mertens L, Friedberg MK. *J Am Soc Echocardiogr.* 2013 Oct;26(10):1214-20.

Anatomic Factors Determining Surgical Decision Making in Patients with Transposition of the Great Arteries with Left Ventricular Outflow Tract Obstruction. Osami Honjo, Yasuhiro Kotani, Tara Bharucha, Luc Mertens, Christopher A. Caldarone, Andrew N. Redington, Glen Van Arsdell. *Eur J Cardiothorac Surg.* 2013 Dec;44(6):1085-94.

Mechanisms of Tricuspid Valve Regurgitation in Hypoplastic Left Heart Syndrome: A Comparison Study. Bharucha T, Honjo O, Seller N, Atlin C, Redington A, Caldarone CA, van Arsdell G, Mertens L. *European Heart Journal – Cardiovascular Imaging* 2013;14(2):135-41.

Recent Advances in Pediatric Echocardiography. Invited expert review. Bharucha T and Mertens L. *Expert Rev Cardiovasc Ther.* 2013;11(1):31-47.

Measurement of Effective Aortic Valve Area Using Three-Dimensional Echocardiography in Children Undergoing Aortic Balloon Valvuloplasty for Aortic Stenosis. Bharucha T, Fernandes F, Slorach C, Mertens L and Friedberg MK. *Echocardiography* 2012;29(4):484-91.

Are Children with Genetic Disorders at Increased Risk of Post-Operative Complications after Cardiac Surgery? Bharucha T and Mertens L. *Pediatric Critical Care Medicine* 2011;12(5):597-8.

Presentation, echocardiographic findings and long-term outcomes in children with familial dilated cardiomyopathy. Weintraub RG, Nugent AW, Davis A, King I, Bharucha T and Daubeney PEF. *Progress in Pediatric Cardiology* 2011; 31:119-122.

Multipanar Review of three-dimensional echocardiography gives new insights into the morphology of Ebstein's malformation. Bharucha T, Anderson RH, Lim ZS and Vettukattil JJ. *Cardiology in the Young* 2010; 20 (1): 49-53.

The Current Status of Paediatric Cardiac Transplantation. Bharucha T. and Weintraub R.W. *Asia-Pacific Cardiology* 2009; 1(2): 74-78.

Impact of multipanar review of three-dimensional echocardiographic data on management of congenital heart disease. Bharucha T., Roman K.S., Anderson R.H and Vettukattil J.J. *Annals of Thoracic Surgery*, 2008 Sep;86(3):875-81.

Multipanar review analysis of three-dimensional echocardiographic datasets gives new insights into the morphology of subaortic stenosis. Bharucha T., Ho S.Y. and Vettukattil J.J. *European Journal of Echocardiography.* 2008 Sep;9(5):614-20.

A multipanar three dimensional echocardiographic study of mitral valvar annular function in children with normal and regurgitant valves. Bharucha T., Sivaprakasam M.C., Roman K.S. and Vettukattil J.J. *Cardiology in the Young.* 2008 Aug;18(4):379-85.

The angle of the components of the common atrioventricular valve predicts the outcome of surgical correction in patients with atrioventricular septal defect and common atrioventricular junction. Bharucha T., Sivaprakasam M.C., Haw M.P., Anderson R.H. and Vettukattil J.J. *Journal of the American Society of Echocardiography*, 2008 Oct;21(10):1099-104.

Defining Ebstein's malformation using three-dimensional echocardiography. Vettukattil, J., Bharucha, T and Anderson, R.H. *Interactive Cardiovascular and Thoracic Surgery* 2007;6:685-690.

Perinatal renal venous thrombosis: presenting renal length predicts outcome. Winyard, P., Bharucha, T., De Bruyn, R., Dillon, M., Van't Hoff, W., Trompeter, R., Liesner, R., Wade, A., and Rees, L. *Archives of Disease in Childhood, Fetal Neonatal Edition*, 2006 Jul;91(4):F273-8.

Neonatal diabetes mellitus – Insulin pump as a new management stratagem. Bharucha, T., McDonnell, C.M., Gebert, R., Brown, J., McDougall, P., Werther, G.A., Cameron, F., Zacharin, M.R. *Journal of Paediatrics and Child Health*, 2005 Sep-Oct;41(9-10):522-6.

Management of newborn lymphangiectasia and chylothorax after cardiac surgery with octreotide infusion. Tibballs, J., Soto, R. and Bharucha, T. *Annals of Thoracic Surgery*, 2004 77(6):2213-15.
Premonitory presentation of Wegener's Granulomatosis as phimosis. Bharucha, T., Calleja, R., Webb, R.J. and Ball, R. *British Journal of Urology International*, 2000; 85 (3): 374.

Book chapters

Fetal Cardiology, Oxford Handbook of Paediatric Cardiology, Editor J Forsey, in press.

Three-dimensional Echocardiography in Congenital Heart Disease, Atlas of 3 D Echocardiography. Expert Consult. Editor E Gill, Elsevier 2012

Fetal dysrhythmias: The Effects of Anti-arrythmic Agents on the Immature Heart in Fetal Therapy: Scientific Basis and Critical Appraisal of Clinical Benefits. Editors Kilby, Johnson and Oepkes, Cambridge University Press 2012.
