

Benign Prostatic Enlargement / Hyperplasia (BPH)

Rezumi

Westwood J, Geraghty R, Jones P, Rai BP, Somani BK.

Rezumi: A new transurethral water vapour therapy for benign prostatic hyperplasia (BPH). *Ther Adv Urol*, 2018 Aug 12;10(11):327-333.

Aquablation

Sarkar D, Somani BK

Aquablation – The new water jet ablation technology for the treatment of BPH. 'New Technologies and Techniques in Minimally Invasive Urologic Surgery' (Book chapter)

Samih T, Jones P, Rai B P, Somani B K.

Aquablation: a novel and minimally invasive surgery for benign prostate enlargement.

Ther Advances in Urol 2018 10(6):183-188.

Urolift

Jones P, Rajkumar G N, Rai B P, Aboumarzouk O M, Cleaveland P, Srirangam S J, Somani B K.

Medium term outcomes of Urolift (minimum 12 months follow-up): Evidence from a systematic review.

Urology May 18. pii: S0090-4295(16)30151-0. doi: 10.1016/j.urology.2016.05.003. [Epub ahead of print] Review.

Jones P, Rai B P, Aboumarzouk O, Somani B K.

Urolift: A new chapter in BPH therapy.

Annals of Translational medicine, 2016 Mar;4(6):116.

Jones P, Rai B P, Aboumarzouk O, Somani B K.

Prostatic urethral lift versus prostate arterial embolisation: Novel non-ablative strategies in the management of LUTS secondary to BPH.

Urology, 2016 Jan;87:11-7. doi: 10.1016/j.urology.2015.10.005. Epub 2015 Oct 19. Review.

Jones P, Rai B P, Aboumarzouk O, Somani B K.

Urolift – A new minimally invasive treatment for BPH.

Therapeutic Advances in Urology 2016 Dec;8(6):372-376.

Prostate artery embolization

van Duijn L, van Dijk L C, Somani B K, Haensel S M.

Selective embolisation of the prostatic artery with curative intent as a novel treatment for LUTS.

Tijdschr v Urol, 2016 (In press).

Jones P, Rai B P, Nair R, Somani B K.

Current status of Prostate artery embolization (PAE) for lower urinary tract symptoms (LUTS): Review of world literature.

Urology 2015 Oct;86(4):676-81.

Somani B K, Hacking N, Bryant T, Coyne J, Flowers D, Harris M, Dyer J.
Prostate artery embolization (PAE) for benign prostatic enlargement (BPE).
BJUI, 2014 Feb 18. doi: 10.1111/bju.12672.

Maclean D, Harris M, Drake T, Maher B, Modi S, Dyer J, Somani B K, Hacking N, Bryant T.
Factors predicting a good symptomatic outcome after prostate artery embolization (PAE).
Cardiovasc Intervent Radiology 2018 41(8): 1152-1159.

Maclean D, Maher B, Modi S, Harris M, Dyer J, Somani B K, Hacking N, Bryant T.
Prostate artery embolization (PAE): a new, minimally invasive treatment for Lower urinary tract symptoms (LUTS) secondary to prostate enlargement.
Ther Advances in Urol. 2017 9(8):209-216.

Flowers D, Bryant T, Coyne J, Dyer J, Somani B K, Harris M, Hacking N.
Using Prostate artery embolization in BPH.
Hosp Healthcare Europe 2014; Radiology & Imaging:263-5.

Somani B K, Nabi G, Hussey J, Thorpe P, McClinton S.
Endovascular control of haemorrhagic urological emergencies: an observational study. *BMC Urology* 2006; 6(1):27.

Holmium and thulium laser prostate surgery

Yalcin S, Gazel E, Somani BK, Yilmaz S, Tunc L.
Prostate shape affects the HoLEP procedure time and energy usage: A retrospective pilot study.
Minim Invasive Ther Allied Technol. 2018 Oct 8:1-7. doi: 10.1080/13645706.2018.1508040.

Jones P, Rai B P, Somani B K, Aboumarzouk O.
Holmium laser enucleation of the prostate for large prostates, have we found an alternative to simple prostatectomy?
Arab Journal of Urology 2016 Mar;14(1):50-8.

Jones P, Aboumarzouk O, Somani B K, Rai B P.
Holmium laser enucleation of the prostate (HoLEP) versus simple prostatectomy for large prostates: Systematic review and meta-analysis.
Journal of Endourology 2015; 29(1): MP35-5.

Jones P, Rai B, Somani B K, Aboumarzouk O.
Review of Thulium laser Vapo-Enucleation of the prostate (ThuVEP): a novel laser based strategy for benign prostate enlargement.
Arab J Urol. 2015 Sep;13(3):209-11.

Somani B K, Nabi G.
Changing trends of minimally invasive benign prostate hyperplasia (BPH) intervention in England: Evidence from hospital episodes statistics (HES) database
British Association of Urological Surgeons (BAUS) 2015.

Medical management of enlarged prostate

Mishriki S F, Graham J, Lam T, Somani B K.
Baseline symptom score and flow rate can predict failure of medical treatment of LUTS: Prospective 12 years follow-up study
Urology 2013 Feb;81(2):390-5.

Graham J, Somani B K, Lam T, Mishriki S. Does the quality of life continue to improve following medical treatment of LUTS? Prospective study with 17 year follow-up.
Journal of Urology April 2011, 185(4): e788-789.

Graham J, Somani BK, Lam T, Mishriki SF. Can Symptom Score and Prostate Size Predict Failure of Medical Treatment of LUTS/BPH? Prospective 17-Year Follow-up Study.
European Urology 2011; 10 (Supp 2) 31. European Association of Urology: Best Poster award (BPH session).

Somani B K, Nabi G, Biyani C S.
Phytotherapy in benign prostatic hyperplasia
(In Benign Prostatic Hyperplasia. Dr M Ramaligam and Dr David Albala (editors), Macmillan's Medical Communication. Chapter 12, page 142-147 (2012).
(Book chapter)
