

Urinary tract infections

1. Ali A, Cook P, Griffin S, Bryant T, Wilson Ian, Ishii H, **Somani B K**.
Steps taken to improve urology stone services: Lessons learnt from our university teaching hospital.
International Forum on Quality and Safety in Health Care, 2014.
2. Geraghty R, Ishii H, **Somani B K**.
Outcomes of ureteroscopy and stone treatment for patients with urosepsis/obstruction is independent of the mode of pre-operative drainage.
Journal of Endourology 2015; 29(1): MP42-13.
3. Cussans A, **Somani B K**, Basarab A, Dudderidge T.
The role of targeted prophylactic antimicrobial therapy prior to transrectal ultrasound (TRUS) guided prostate biopsy in reducing infection rates: a systematic review.
BJUI 2016 May;117(5):725-31.
4. Moore S L, Cook P, **Somani B K**.
Association between deprivation index and infection stones: 7-year results from a University teaching hospital.
World Congress of Endourology Meeting, 2016.
5. Teoh P, Basarab A, Pickering R, Ali A, Hayes M, **Somani B K**.
Changing trends in antibiotic resistance for urinary *E. coli* infections over five years in a University Hospital.
Journal of Clinical Urology 2014, 7(2):116-120.
6. Ishii H, Cook P, **Somani B K**.
What predicts post-operative uro-sepsis in patients undergoing ureteroscopy lasertripsy (URSL) for stones: Evidence from a prospective study
European Urology Supplement 2013; 12(3): E178.
7. Ali A, Farrell L, **Somani B K**.
Lymphocytopenia may be a new indicator for infected obstructed kidneys (IOK) secondary to urinary stone disease.
Urology Annals 2015; 7(4): 475-477.
8. Aboumarzouk O, Hughes O, Narahari K, Coulthard R, Kynaston H, **Somani B K**.
Emphysematous Pyelonephritis: Time for a management plan with an evidence-based approach.
Arab Journal of Urology, 2014; 12(2): 106-115.
9. Ali A, Farrell L, **Somani B K**.
Pyonephrotic obstructed kidneys (POK) and correlation to inflammatory serum markers: Results from a University teaching hospital.
European Urology Supplement 2013; 12(3): E151.

10. Farrell L, Ali A, **Somani B K**.
Is there any correlation in microbiology between blood, nephrostomy and mid stream urine (MSU) specimens in patients with pyonephrotic obstructed kidneys (POK)? Results from a university teaching hospital.
European Urology Supplement 2013; 12(3): E182.
11. Aboumarzouk O, Nabi G, Hayes M, Dyer J, Lockyear R, **Somani B K**.
Changing trends in the management of Emphysematous Pyelonephritis (EPN) then and now: A systematic review.
Journal of Endourology 2012, MP28-09.
12. Teoh P J, Basarab A, Pickering R, Hayes M, **Somani B K**.
Changing trends in antibiotic resistance for coliform infections: 5-year results from a University teaching hospital.
(Royal Society of Medicine (Urology Session, 2012) – Second Prize)
13. **Somani B K**, Nabi G, Thorpe P, Hussey J, N'Dow J.
Is Percutaneous drainage (PCD) the new gold standard in the management of emphysematous pyelonephritis EPN)? Evidence from a systematic review.
Journal of Urology 2008 May;179(5):1844-9.
14. Nabi G, **Somani B K**, Norrie J, Hasan T, N'Dow J.
Does cranberry juice intake result in a change in urinary proteome in patients with intestinal segments transposed into the urinary bladder? Evidence from a randomised trial.
British Journal of Urology International 2006; 97(Suppl 3): 26.
15. Nabi G, **Somani B K**, Hasan T, Norrie J, N'Dow J.
A randomised double-blinded placebo-controlled crossover trial assessing effect of cranberry juice intake on mucous production and symptomatic urinary tract infections in patients' transposed intestinal segments into the urinary bladder
European Urology 2006(April); 5(2): 487.
16. **Somani B K**, Nabi G, Hussey J, Thorpe P, Cohen N P, N'Dow J, McClinton S.
Pyonephrotic Obstructed Kindeys (POK) due to stone disease: Defining prognostic factors'.
Journal of Endourology 2005; 19(Supl 1:A128): MP26-04.
