

Southampton and Salisbury breast screening service: screening dates 2020 to 2023

Women from the following GP practices will be invited for breast screening on a three yearly cycle. We have listed the approximate screening dates and locations for each GP practice below.

You will be sent an invitation letter in the post and it will clearly state when and where your appointment will be. Please note it is not always possible to return to the same screening site.

Please check your invitation letter for the full details of your appointment. If you wish to change your appointment, including the location, please contact the breast screening team before your appointment using the contact details on your invitation letter. Appointment changes cannot be made by staff on the mobile screening vans.
