How to Support Children with Cancer and their Parents during the COVID-19 outbreak?: understanding Experiences, information and support needs, and decision-making

The SHARE Study

What are your experiences during the COVID-19 outbreak?

Please share your views with us. We want to know how we can best support you.

We have developed a survey with some questions and some space for you to share your experiences.

This survey is for parents of a child with cancer and children and young people with cancer 12-25 years of age.
