

Get Involved. Have your say. Help develop the Diversity and Inclusion Strategy for UHS.

You are invited to join a series of engagement sessions to help shape the UHS Diversity and Inclusion priorities for the next three years. UHS has committed to ensure our workforce is representative of all our communities across all levels. For UHS to be a place where everyone can have a sense of belonging, and a place where all people can thrive.

Come and give your views, ideas and lived experiences in a safe and respectful facilitated session and help generate the priorities for our Diversity and Inclusion Strategy.

We have designed a range of sessions to capture your feedback under these key themes:

The Patient Experience

Reducing Health Inequalities

Recruit, retain and develop a valued and supported workforce who represent our communities

Creating a place where we all belong through inclusive leadership

SUPPORTING
our people 
Championing individuality and belonging
