

Checklist for Verification of Treatment Regimens in ARIA Version 10

Regimen's Name and Disease Site	Internal Name/ Version	Date Regimen Last Updated
The regimen above has been checked against (Tick as appropriate): <input type="checkbox"/> CSCCN Protocol, version number: <input type="checkbox"/> Other, please specify and cross reference:		
Entered By:	Signature:	Date
Checked By:	Signature:	Date:

To access the regimen for testing log into "CSCCN" in Medonc Planner. In the "Open Plan" window select: Plan Type - "Regimen" or "Symptom Mgmt." and Plan Status - "In Testing" and "Active". Highlight the plan for testing and double-click or click the "open" button.

PLAN AGENDA WINDOW – DEFINITION (from the toolbar click the "Definition" button)	Correct (√) Incorrect (X)
DEFINITION TAB:	
• Plan name (20 character limit - NOTE unable to have 2 plans with the same name therefore may have extra spaces in title)	
• Display name	
• Version number (check version is the same as stated above)	
• Plan type (should be "regimen" or "symptom management")	
• Sponsor (should always be "internal")	
• Owner (should always be "CSCCN")	
• Brief description (correctly describes agents, doses, administration route, frequency and duration)	
• Clinical Trial (should NOT be selected)	
• Amendments Mandatory (should NOT be selected) NB only applicable to regimen	
CLASSIFICATION TAB:	
• Sex (Should always be N/A)	
• Age range (should always be blank)	
• Classification type – check the following classifications have been selected correctly	
➤ Disease site	
➤ Cancer categories (includes OPCS codes, disease sub categories and trial status where applicable)	
➤ Problems (NB only applicable to symptom management)	
AUTHORS TAB:	
• There should be no entries in this field	
AUTHORIZED USERS TAB:	
• This list should consist of the following names only; Kimber Donna, P Basker Nanda, P Burgin Ali, P Harrison Liz, P Robertson Debra,	

P:CH003	Version: 2.0	Issue Date: Jan 2010	Rev Date: Jan 2015
Written: D Kimber CSCCN E-Prescribing System Manager	Approved: Dr D Wright CSCCN Lead Pharmacist	Date of Amendments: February 2010, May 2010, July 2010, August 2010, Sept 2010, November 2010, May 2012, June 2012, Jan 2013, Jan 2013	

P Wills Rebecca , Wright (IP) Debbie, Vms Ks			
MEDICAL MANAGEMENT TAB:			
<ul style="list-style-type: none"> Classification – Toxicity Grading - NCI CTCAE v4.0 (SI units) should be selected 			
<ul style="list-style-type: none"> Estimated GFR – only selected if a formula other than Cockcroft & Gault is required 			
SPONSOR TAB:			
<ul style="list-style-type: none"> There should be no entries in this field 			
PLAN AGENDA WINDOW – MODIFY PHASE (click on the “Modify” button in the “Plan Agenda” window)			Correct (√) Incorrect (X)
<ul style="list-style-type: none"> Phase (should always be phase 1) 			
<ul style="list-style-type: none"> Phase name (Should be Phase 1 for a regimen or a description for a symptom management plan) 			
<ul style="list-style-type: none"> Purpose (should always be blank or N/A) 			
<ul style="list-style-type: none"> Service type (should always be blank) 			
<ul style="list-style-type: none"> Modality (should always be blank) 			
<ul style="list-style-type: none"> Toxicity cause required (should NOT be selected) 			
<ul style="list-style-type: none"> Closed to accrual (should NOT be selected) 			
<ul style="list-style-type: none"> Schedule type (ensure correct schedule type has been selected) 			
Dependent on the schedule type please complete the following:			
CYCLICAL (√) or (X)	LINEAR (√) or (X)	LINEAR-NEG DAYS (√) or (X)	AD HOC (√) or (X)
Cycle length (days):	Length (days):	Length (days):	Length (days):
Number of cycles:	Max. Drift (days): (Should always be “0”)	Starting day:	Max. Drift (days): (Should always be “0”)
Max. Drift (days): (Should always be “0”)		Max. Drift (days): (Should always be “0”)	
<ul style="list-style-type: none"> Description (correctly describes agents, doses, administration route, frequency and duration) 			
<ul style="list-style-type: none"> Toxicity Risk (NO scores should be selected) 			
<ul style="list-style-type: none"> Chemo order instructions (should always be blank) 			
PLAN AGENDA WINDOW – AGENTS (from the toolbar click the “Agents” button to view all the agents attached to this regimen)			Correct (√) Incorrect (X)
<ul style="list-style-type: none"> Check that all of the regimen's drugs specified as per the CSCCN protocol are listed in the “Agents” window 			
<ul style="list-style-type: none"> Check that all of supportive care drugs and pre and post hydration are included as per the CSCCN protocol summary page 			
<ul style="list-style-type: none"> Ensure that all drugs are listed in the correct administration order and amend the sequence number if needed (using plan utilities) 			
<ul style="list-style-type: none"> IMPORTANT – all drugs must be in UPPER CASE (as taken from First Data Bank). For investigational or unlicensed drugs please check spelling and entry of drug. Specify total number of agents on this list: 			
<ul style="list-style-type: none"> Double click on each individual agent to open and then list each individual agent in table 1 on Page 5 and table 2 on Page 6 and repeat for each agent. 			
PLAN AGENDA WINDOW – TESTS/TOXICITIES (from the toolbar click the “Tests” and “Toxicities” buttons)			Correct (√) Incorrect (X)
P:CH003	Version: 2.0	Issue Date: Jan 2010	Rev Date: Jan 2015
Written: D Kimber CSCCN E-Prescribing System Manager	Approved: Dr D Wright CSCCN Lead Pharmacist	Date of Amendments: February 2010, May 2010, July 2010, August 2010, Sept 2010, November 2010, May 2012, June 2012, Jan 2013, Jan 2013	

<ul style="list-style-type: none"> • Tests (there should be NO "Selected Tests") • Toxicities (there should be NO "Selected Toxicities") 	
PLAN AGENDA WINDOW – SCHEDULE (from the tool bar click the "Schedule" button.)	Correct (√) Incorrect (X)
<ul style="list-style-type: none"> • Starting on (this field should be blank except where the regimen includes an agent scheduled for specific days e.g. M/W/F) • View ('cycle day' should always be selected) • Maintain ('schedule' should always be selected) 	
Click on the "List" button to view how drugs are scheduled for this regimen.	
<ul style="list-style-type: none"> • Select 'Cyclical' to bring up a list of ALL agents that have been scheduled cyclically. Complete table 1 on Page 5 to indicate whether each agent is scheduled correctly. Print the cyclical list and attach it to this document. • Select 'Non-cyclical' to bring up a list of ALL agents that have been scheduled non-cyclically. Complete table 1 on Page 5 to indicate whether each agent is scheduled correctly. Print the non-cyclical list and attach it to this document. 	
PLAN DETAILS MENU – Summary (from the "Plan Details" menu select Summary to open the "Plan Summary" window)	Correct (√) Incorrect (X)
<ul style="list-style-type: none"> • The "Plan Summary" window shows free-typed information about the regimen. This should contain the link to the correct protocol on the CSCCN website or reference the trial protocol. 	
PLAN DETAILS MENU – Access (from the "Plan Details" menu select Access to open the "Plan Access for Institution/User" window)	Correct (√) Incorrect (X)
<ul style="list-style-type: none"> • Institutions tab (check that the relevant institutions have been selected) <ul style="list-style-type: none"> ○ For adult regimens this includes all institutions except "PIAM Brown" ○ For paediatric regimens select "PIAM Brown" and "RSH Outpt Clinic" only • User tab (check that all users have access to the regimen – i.e. none are ticked) 	
TESTING THE REGIMEN IN ARIA	Correct (√) Incorrect (X)
Follow the Validation of CSCCN Chemotherapy Protocols in Aria (SOP:CH003) and review this regimen using the appropriate number of test patients. (For most regimens this will involve 3 test patients but for simple regimens where the doses for all agents are flat only one patient need be completed)	

Once the test patients have been completed successfully and all necessary amendments made return to the regimen in planner. In the "Plan Agenda" window click the "Approve" button, then click "Analyse", then "Approve for Use".

APPROVED FOR USE IN ARIA
